SUBJECT: Special Use Permit #2016-0066
Administrative Review for a Change of Ownership & Minor Amendment
Use: Parking Reduction
Applicant: Victory Temple Missionary Baptist Church (VTMBC)
Location: 2762 Duke Street
Zone: CG/Commercial General

Request & Background

Special Use Permit #2016-0066 is a request to change ownership of a church from Greater Shiloh Baptist Church to Victory Temple Missionary Baptist Church (VTMBC). Special Use Permit #2016-0066 is also a Minor Amendment request to modify conditions of a parking reduction approved under SUP#2001-0009 as the congregation has reduced in size.

City Council approved SUP#95-0082 in June 1995 to the Center for Employment Training for a commercial school to provide job training and employment. SUP #95-0082 also approved a parking reduction of 132 spaces as the applicant indicated many of the students would be using public transportation to reach the site. In May 2001, City Council approved SUP #2001-0009 for a church with up to 500 congregation members on site, known as the Greater Shiloh Baptist Church. SUP #2001-0009 also included a parking reduction with allowed the church to meet its parking requirements by maintaining 18 on-site parking spaces at all times; maintaining a minimum of 183 off-site parking spaces on Sundays and weekday evenings; and maintaining a minimum of 80 off-site parking spaces on Saturdays.

The church use now operates with 155 seats in the primary sanctuary and an additional 20 seats in overflow seating. Up to four church staff members may be on-site during typical office hours of 8 a.m. – 5 p.m. to take care of administrative church functions. Members of the congregation are present in the evenings and weekends during the following times.

Mondays: 7:30 p.m. – 9 p.m.	Men's choir rehearsal
Tuesdays: 7:30 p.m. – 9 p.m.	Women's choir rehearsal
Wednesdays: 7:30 p.m. – 9:30 p.m.	Bible Study
Thursdays: 7:30 p.m. – 9 p.m.	Ministry meetings
Fridays: 7:30 p.m. – 9 p.m.	Youth activities
Saturdays: 9 a.m. – 4:30 p.m.	Ministry meetings for Deacons, Deaconesses and Ministers, church members and choir practices
Sundays: 9 a.m. – 2 p.m.	Church services and Sunday school

In addition, the church may host up to two special events a month which attract up to 100 individuals. These events are scheduled in advance and advertised to members of the congregation.

The applicant is asking to modify conditions of SUP #2001-0009 related to parking conditions and the use of a shuttle to appropriately size the parking requirements to the current congregation instead of the initially expected congregation of 500 members. Specifically the applicant is requesting amendments to:

- Condition #2: request to reduce the off-street parking requirement;
- Condition #4: request to remove the condition requiring the shuttles to be stored in the parking lot; and
- Condition #5: request to remove the condition prohibiting the loading or unloading of shuttle vehicles in the public right-of-way.

Under the previous SUP #2001-0009 the applicant was required to maintain 18 on-site parking spaces at all times and various off-site parking agreements for Saturdays and Sundays. The applicant's current proposal would preserve the 18 on-site parking spaces and formalize an agreement with the adjacent Burke and Herbert Bank to meet their day to day parking requirements. Special event parking would be reserved, in advance, on an "as-needed" basis at an off-site location.

A SUP inspection in September 2016 revealed violations of SUP Condition 7 as the Church's landscaping was not in good condition. A follow up inspection in October 2016 found the applicant to be in compliance with all SUP conditions. Although in violation of Condition #2, requiring 183 off-site parking spaces, the applicant will be compliant with the approval of this SUP.

Parking

Section 8-200(A)(10) of the Zoning Ordinance requires one parking space for every five seats located in the principal auditorium of a church. As the applicant's primary church auditorium contains 155 seats, the applicant is required to provide 31 off-street parking spaces, which is a reduction of 152 parking spaces from the number required under the previous parking reduction.

To reach the required 31 parking spaces, the church proposes to use their on-site parking lot with 18 spaces. In addition, the church has a long-standing agreement with the adjacent Burke & Herbert Bank to use the bank's surface parking lot with 32 additional parking spaces available after 5 p.m. on weekdays, after 1 p.m. on Saturdays, and all day Sunday's. As the availability of parking spaces at the adjacent bank coincides with the primary hours of activity at the church, the additional spaces at the bank enables the applicant to meet their parking requirement under the Zoning Ordinance.

The church has also established a parking agreement to lease parking spaces, approximately 500 feet from the church, on an "as needed" basis at the medical facility at 2700/2800 Duke Street. These spaces will be leased for special events hosted by the church and arranged a month in advance with the medical facility.

Community Outreach

Public Notice was provided through eNews, via the City's website, and by posting a placard at the site. In addition, the Taylor Run Citizens Association, the Quaker Hill Community Association and the Seminary Walk Condominium Association have been informed of the application. Staff has not received any comments or concerns related to the request that would require a full-hearing review.

Staff Action

Staff supports the request to modify the previous SUP#2001-0009 to allow the applicant to reduce their parking requirements as the church's congregation did not reach the growth and capacity expected. As such, staff finds it appropriate to update parking related conditions to reflect to the current parking needs of the church.

Staff analysis of the ongoing activities at the church found the weekday activity at the church during traditional work hours of 9 a.m. – 5 p.m., with four to five church staff members was comfortably supported by the 18 on-site parking spaces in the parking lot. As parishioner activity at the church started after 7 p.m. during the week and on weekends when the church had access to an additional 32 parking spaces at the Burke & Herbert Bank, staff found the parking arrangement met the needs of the church. In addition, as special events would be scheduled in advance and additional parking could be secured for those events, staff believes the revision to additional off-site parking for an "as-needed" basis was appropriate. As such, staff revised Condition #2 to reflect the updated parking arrangements established by the church.

Staff also deleted Conditions #4 and #5 which had required the church to use a parking shuttle to transport parishioners from a satellite parking lot located across a busy street. This condition had been established with the assumption that higher number of parishioners would create demand for additional off-site parking. Since the development of those conditions the City installed a

traffic light in front of the church which better connected the parking lot to the church with a timed cross-walk for parishioners to use and reduced the effective walking distance for parishioners. In addition, the church capacity did not exceed on-site and more proximate parking, removing the need for the further satellite parking. With no need for the satellite parking lot and the traffic light which creates a safe pedestrian experience, staff deleted Condition #4 which required the shuttle and Condition #5 which prohibited the shuttle from loading and unloading in the public right-of-way. Staff also amended references to the shuttle which was included in Condition #3.

Conditions have been carried forward and, several conditions have been amended and added to reflect modern condition language. Staff amended Conditions #15 and #16 with the applicant's name to reflect the change of ownership of the church.

Staff hereby approves the Special Use Permit request.
